Jaipur, Rajasthan • +91 9991303458 • sameerkhan9991303458@gmail.com

LinkedIn: https://www.linkedin.com/in/sameer-khan-ab3a39258/

PROFESSIONAL SUMMARY

Results-driven Web Designer and UI/UX Developer with **3+ years of experience** creating responsive websites, web applications, and user-focused interfaces. Skilled in UI/UX design, HTML, CSS, JavaScript, modern frontend frameworks, and design systems. Experienced in translating requirements into intuitive, accessible, and visually consistent digital experiences. Currently building practical skills in **MERN stack development**, including backend setup, REST API creation, CRUD operations, and React frontend API integration.

TECHNICAL SKILLS

UI/UX & Web Design: Responsive design, wireframing, interface design, user-centered layouts, Figma, Canva

Frontend: HTML5, CSS3, SCSS/Sass, JavaScript, jQuery, Bootstrap, Tailwind CSS

Frameworks & Libraries: React, Angular, Next.js, Ionic Framework, Angular Material, MUI

MERN Stack — Learning & Hands-on Practice: Node.js, Express.js, MongoDB fundamentals; backend project setup and dependencies, REST API creation, CRUD operations, and API integration in React projects

CMS & E-commerce: WordPress, Shopify

Enterprise UI Integration: ASP.NET UI integration, .NET application interfaces

Tools & Version Control: Visual Studio Code, Git, GitHub

PROFESSIONAL EXPERIENCE

Senior Web Designer | *Cyrus Technoedge Pvt. Ltd.*

April 2024 – Present

- Design and develop visually appealing, user-friendly website interfaces aligned with project requirements and brand guidelines.
- Build responsive layouts that deliver consistent experiences across desktop, tablet, and mobile devices.
- Apply UI/UX principles and frontend technologies to improve usability, visual consistency, and user engagement.
- Collaborate with team members to translate design concepts into practical, maintainable web interfaces.

Associate Web Designer | *Vidhema Technology Pvt. Ltd.*

March 2023 – April 2024

- Designed engaging, user-friendly websites with an emphasis on layout quality, usability, and responsive behavior.
- Used creative and technical skills to implement interface designs and refine frontend presentation.
- Worked to improve overall user experience and engagement through clear navigation and consistent UI patterns.

SELECTED ACHIEVEMENTS

- Improved website responsiveness and reduced load time by **30%** through CSS optimization and performance-focused techniques.
- Designed reusable, user-friendly UI components intended to support stronger engagement and retention.
- Developed responsive web interfaces using **Bootstrap**, **React**, **Angular**, and **ASP.NET UI integration**.
- Collaborated with cross-functional teams to implement UI within ASP.NET-based applications.

EDUCATION

Bachelor of Science (B.Sc.) | Indira Gandhi University (Meerpur), Rewari, Haryana
2019 – 2022

CERTIFICATIONS & TRAINING

Diploma in Web Designing (1 Year) | Aptech Computer Education, 2022
